Application type	Conservation Area Notification
Site Address:	Flat 2, 104 Stapleton Hall Road, Hornsey, London, N4 4QA
Proposal	<i>Five Day Notice. T1 Cherry. Under investigation due to the bad weather, this Cherry Tree is deemed unsafe so I need to remove an excessive amount of weight from the trees. This is a Five Day Notice for the full removal</i>

RECOMMENDATION:	No Objection	
Application date	12/08/2026	
Tree Inspector	DM	Date: 18 th August 2026

Site

The over mature Cherry tree T1, as seen in the photographs, is situated in the rear garden of the property. It is not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Stroud Green Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

Five Day Notice.

T1 Cherry. Under investigation due to the bad weather, this Cherry Tree is deemed unsafe so I need to remove an excessive amount of weight from the trees. This is a Five Day Notice for the full removal

Issues

I hold no objections to the removal of the Cherry tree T1 under a five day notice.

The tree is over mature, cankered, and dying.

There is a duty to re plant dead, dying and dangerous trees in a Conservation Area.

Recommendation

No Objection
