

PROTECTED TREE REPORT (TREE WORKS)

Haringey Council, L4,
Alexandra House, Station
Road N22 7TY

Application number	HGY/2026/1939
Application type	Conservation Area Notification
Site Address:	33 Wolseley Road, Hornsey, London, N8 8RS
Proposal	<i>Five Day Notice to remove two Sycamore trees at the address. Please see attached specification and photographs. The trees are very decayed in the main trunk. T1 - sycamore tree with large cavity and decay in main trunk of tree (14m) - take down to ground level. T2 - sycamore tree with large cavity and decay in main trunk of tree (15m) - take down to ground level</i>

RECOMMENDATION:	No Objection	
Application date	09/07/2026	
Tree Inspector	DM	Date: 21 st August 2026

Site

The mature, lapsed pollard Sycamore trees T1 & T2 as seen in the photographs, are situated in the rear garden of the property. They are not publicly visible.

A site visit was deemed necessary to determine the appropriateness of the proposed works (21/08/2026 at approximately 11:30am).

The location is also within the Crouch End Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

Five Day Notice to remove two Sycamore trees at the address. Please see attached specification and photographs. The trees are very decayed in the main trunk.

T1 - sycamore tree with large cavity and decay in main trunk of tree (14m) - take down to ground level.

T2 - sycamore tree with large cavity and decay in main trunk of tree (15m) - take down to ground level

Issues

I hold no objections to the removal of the two Sycamore trees, under a Five- Day Notice, and for the reasons given.

There had been delays arranging a site visit but, a closer inspection today showed excessive and progressive decay with hollow sounds all around the trunk when tested with a nylon mallet and probed with a probe.

The trees do provide screening between the properties, and the applicant intends to re plant with suitable species.

There is a duty to re plant dead, dying, and dangerous trees within a Conservation Area.

Recommendation

No Objection
