Site

The Poplar and Pear trees T1, & T2, as marked on the sketch plan are situated in the rear garden of the property. They are not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Alexandra Park Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

T1: Poplar (10m): Re- pollard to previous points removing around 7m of growth to keep tree at a size suitable for its location and as part of regular maintenance

T2: Pear (dead) (7m): Reduce to 4m to reduce risk of failure

Issues

I hold no objections to the reasonable proposed pruning works.

The specification is within standard good arboricultural practice and husbandry.

There is a duty to replace dead, dying and dangerous trees within a Conservation Area.

Recommendation

No Objection
