The small Elder tree T1, as marked on the plan, and seen in the photograph, is situated in the rear garden of the property. It is not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Stroud Green Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Issues

I hold no objections to the reasonable, sensitive, and minimal amount of pruning works.

The specification is within standard good arboricultural practice and husbandry.
