Site Address:	Flat A 16 Mount View Road Hornsey London N4 4HX
Proposal	<i>There is a tree in the back garden I believe it's a type of maple T1 , but not 100%. Its overdue a reduction. I've suggested around 2m off the top and match the sides to create a compound shape. It's blocking out a lot of light to the end of the garden and is quite close to the buildings at the back</i>

RECOMMENDATION:	No Objection	
Application date	29/07/2026	
Tree Inspector	DM	Date: 25 th August 2026

Site

The Maple tree (from records possibly a Box Elder) T1, as marked on the sketch plan, and seen on street view, is situated in the rear garden of the property. It is publicly visible from Ferme Park Road N4.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

There is a tree in the back garden I believe it's a type of maple T1 , but not 100%. Its overdue a reduction. I've suggested around 2m off the top and match the sides to create a compound shape. It's blocking out a lot of light to the end of the garden and is quite close to the buildings at the back

Issues

I hold no objection to the reasonable repeat proposed pruning works.

The specification is within standard good practice and husbandry.

Recommendation
