

PROTECTED TREE REPORT (TREE WORKS)

Haringey Council, L4,
Alexandra House, Station
Road N22 7TY

Application number	HGY/2026/2137
Application type	Conservation Area Notification
Site Address:	67 Shepherds Hill Hornsey London N6 5RE
Proposal	<i>Two poplar at the back fence of the property. Work needed - removal of both the trees given trunk has hollowed out and they pose imminent danger</i>

RECOMMENDATION:	No Objection	
Application date	27/07/2026	
Tree Inspector	DM	Date: 26 th August 2026

Site

The two mature Poplar trees, as marked on the plan, and seen in the photographs, are situated in the rear garden of the property. They are not publicly visible from street level.

A site visit was deemed necessary to determine the appropriateness of the proposed works (26/08/2026 at approximately 12:52pm).

The location is also within the Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

Two poplar at the back fence of the property. Work needed - removal of both the trees given trunk has hollowed out and they pose imminent danger

Issues

I hold no objections to the removal of both Poplars that have been topped in the past and developed column decay.

A sound test with a nylon head mallet and probe revealed no residue sound wood in either tree.

There is a duty to re plant dead, dying and dangerous trees in a Conservation Area.

The applicant intends to replant with suitable species to continue the screening that the current trees provide.

Recommendation

No Objection
