

DATA SHEET

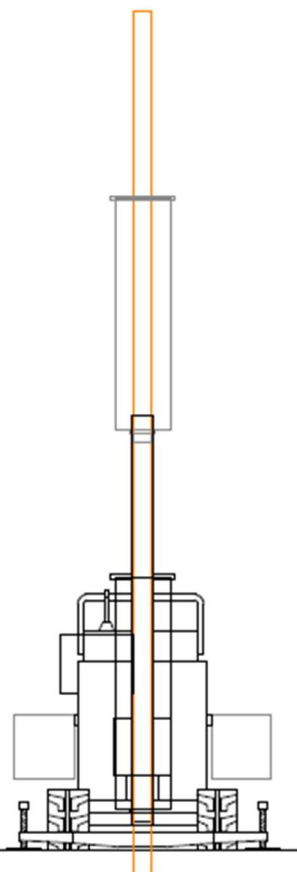

COMPETITOR WINDOW SAMPLER DRILLING RIG

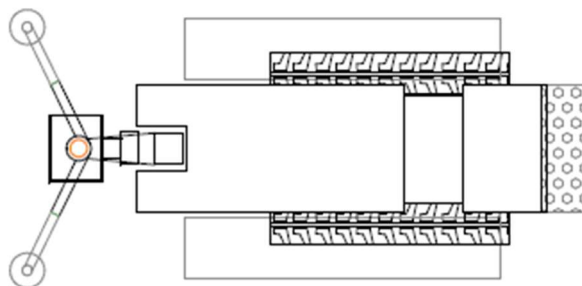

SIDE PROFILE

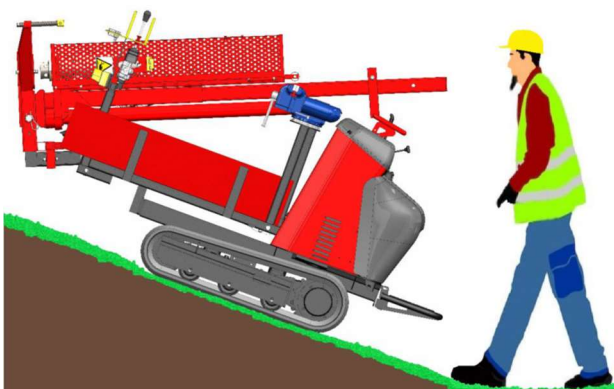

FRONT PROFILE

PLAN

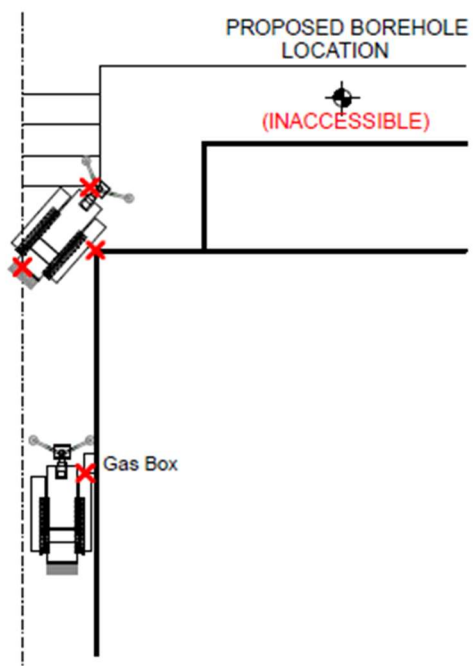

Weight	733 - 1070 kg	
Length	2600 – 2950mm	
Width	770 – 1220 mm	
Height in transport mode	1450 mm	
Working area needed	Height	3100 mm
	Length	3500 mm
	width	1500 mm
<i>Noise at 10 metres distance</i>		
Average noise whilst idling	71.4dBA	
Average noise during sampling	74.3dBA	
Peak noise during sampling	94dBA	
Engine	Diesel 435cc single cylinder 9 HP. Maximum output 10.0 PS (7.4 kW). Electrical / recoil engine start	

- The rig can only travers slopes and embankments up to 1 in 3.
- It can not traverse steps.
- The rig is tracked as such please note the pinch points when manoeuvring the rig to the proposed borehole location.

RIG WILL NOT FIT
