

43 Muswell Road N10 2BS

T1: Copper Beech (9m): Crown reduce by 2m as part of regular maintenance and to keep tree at a size suitable for its location

G2: Group of 5 Silver Birch (12m): Reduce height by 2m and shape as part of regular maintenance and to keep tree at a size suitable for its location

T3: Cypress (8m): Fell to ground level. Co-dominant stem at 1m with included bark growing into canopy of neighbouring beech. Removing it will allow beech to establish a more even shaped crown.

T4: Beech (10m): Reduce crown over footpath by 1.5m to prevent obstruction and keep tree a size suitable for its location
