Site

The Lime trees, as listed above, marked on the plan, and seen in the photographs, are situated in the grounds of the property estate. They are publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the White Hart Lane Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

Tree location entrance of estate as circled on map, trees are blocking the AMPR Cameras

Re- pollard 7 Medium Limes T1, T2, T19, T20, T21, T38 & T39

Open Access

Issues

I hold no objections to the repeat re pollarding of the pollard Limes.

The specification is within standard good arboricultural practice and husbandry.

The species generally respond well to such reductions and management regimes.

Recommendation

No Objection
