Proposal	<i>T1) Plane adjacent to Parkland Walk: Reduce height over property (south facing side) only by up to 3 metres to provide light and clearance; reduce any lateral regrowth over gardens (south facing side) by up to 2.5 metres, within previous most recent reduction framework; retain natural and even flowing canopy outline; remove any dead and defective branchwood including Massaria</i>

RECOMMENDATION:	No Objection	
Application date	03/09/2026	
Tree Inspector	DM	Date: 22 nd September 2026

Site

The mature Plane tree T1, as marked on the plan and seen in the photographs, is situated in the rear garden of the property. It is not known if the tree is fully publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Highgate Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

T1) Plane adjacent to Parkland Walk: Reduce height over property (south facing side) only by up to 3 metres to provide light and clearance; reduce any lateral regrowth over gardens (south facing side) by up to 2.5 metres, within previous most recent reduction framework; retain natural and even flowing canopy outline; remove any dead and defective branchwood including Massaria

Issues

I hold no objections to the reasonable proposed pruning works.

The specification is within standard good arboricultural practice and husbandry.

Recommendation

No Objection
