RECOMMENDATION:	No Objection	
Application date	12/08/2026	
Tree Inspector	DM	Date: 24 th September 2026

Site

The Yew and Holly trees T1 & T2 as, marked on the sketch plan, and seen in the photographs, are situated in the rear garden of the property. They are not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Highgate Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

T1: Yew (7m): Fell to as close to ground level as possible as it is hindering growth of mature apple. Client wishes to replant along rear boundary to screen neighbouring garden and allow apple to develop.

T2: Holly (5m): Fell to as close to ground level as possible and treat stump as it is too large for its location

Issues

I hold no objections to the removal of the above trees.

Both trees have no wider public amenity value and are not worthy of further protection.

Recommendation

No Objection
