

PROTECTED TREE REPORT (TREE WORKS)

Haringey Council, L4,
Alexandra House, Station
Road N22 7TY

Application number	HGY/2026/2551
Application type	Conservation Area Notification
Site Address:	41 Stormont Road, Hornsey, London, N6 4NR
Proposal	<i>The large tree in the front garden is to be removed and replaced with a suitable replacement tree to maintain the local environment we will get the work carried out by an arborists</i>

RECOMMENDATION:	No Objection	
Application date	10/09/2026	
Tree Inspector	DM	Date: 6 th October 2026

Site

The early mature female Ginkgo tree, as seen in the photographs, and marked on the sketch plan, is situated in the front garden of the property. It is publicly visible.

A site visit was deemed necessary to determine the appropriateness of the proposed works (05/10/2026 at approximately 12:58pm).

The location is also within the Highgate Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

The large tree in the front garden is to be removed and replaced with a suitable replacement tree to maintain the local environment we will get the work carried out by an arborists

Issues

I hold no objections to the removal of the female Ginkgo tree that is within the first third of its life.

On inspection apricot like fruits were present. This fruit has the foulest smell often likened to vomit or rotting flesh. If stained by the juice the smell cannot be shifted.

The applicant intends to re plant with a more suitable species.

Recommendation

No Objection
