RECOMMENDATION:	No Objection	
Application date	07/08/2026	
Tree Inspector	DM	Date: 6 th October 2026

Site

The various trees, as listed above, marked on the sketch plan, and seen in the photographs, are situated in the rear garden of the property. They are not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Highgate Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

T3: Pear (6m): Reduce on garden side by 0.5m to keep tree at a size suitable for its location and as part of regular maintenance

T4: Pear (6m): Reduce on garden side by 0.5m to keep tree at a size suitable for its location and as part of regular maintenance

T5: Pear (6m): Reduce on garden side by 0.5m to keep tree at a size suitable for its location and as part of regular maintenance

G1: Group of Holly (7m): Dead: Fell

(Works to T1 Ash and T2 Oak will be considered separately under application reference HGY/2026/2230, as these trees are protected by a TPO)

Issues

I hold no objections to the reasonable, sensitive, minimal proposed pruning works.

The specification is with good standard arboricultural practice and husbandry.

There is a duty to re plant dead, dying, and dangerous trees within a Conservation Area.

Recommendation

No Objection
