

PROTECTED TREE REPORT (TREE WORKS)

Haringey Council, L4,
Alexandra House, Station
Road N22 7TY

Application number	HGY/2026/2535
Application type	Conservation Area Notification
Site Address:	65 Grove Avenue, Hornsey, London, N10 2AL
Proposal	<i>Willow - Extensive decay and hollowing at main fork/union Crown reduce the height 1.0m below the previous reduction points (approx. 2.5m height and 2.5m spread)</i> <i>Ash - Crown reduce the height 1.0m past the previous reduction points Crown reduce the spread back to the previous reduction points (approx. 3.0m height and 2.0m spread) leaving soft furnishing growth where possible</i> <i>Maintenance works in line with good arboricultural practice</i>

RECOMMENDATION:	No Objection	
Application date	09/09/2026	
Tree Inspector	DM	Date: 6 th October 2026

Site

The Willow and Ash trees, as seen in the photographs and marked on the plan, are situated in the rear garden of the property. They are not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Alexandra Park Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

Willow - Extensive decay and hollowing at main fork/union

Crown reduce the height 1.0m below the previous reduction points (approx. 2.5m height and 2.5m spread)

Ash - Crown reduce the height 1.0m past the previous reduction points

Crown reduce the spread back to the previous reduction points (approx. 3.0m height and 2.0m spread) leaving soft furnishing growth where possible

Maintenance works in line with good arboricultural practice

Issues

I hold no objections to the reasonable proposed tree pruning works.

The Willow tree has extensive decay at the union.

The additional reduction in the ash tree's height and the spread back to the previous will bring the crown within balance.

Recommendation

No Objection
