Application number	HGY/2026/2526
Application type	Conservation Area Notification
Site Address:	Flat 2, 8 Clifton Road, Hornsey, London, N8 8HY
Proposal	<i>We would like to reduce the Ash tree in the rear garden by about 2 metres as it is outgrowing its location. Including thinning the canopy by about 20% This will allow for more light in to the gardens and minimise root expansion due to the proximity to the property</i>

RECOMMENDATION:	No Objection	
Application date	09/09/2026	
Tree Inspector	DM	Date: 6 th October 2026

Site

The Ash tree, as described above, and marked on the sketch plan, is situated in the rear garden of the property. It is not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Crouch End Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

We would like to reduce the Ash tree in the rear garden by about 2 metres as it is outgrowing its location. Including thinning the canopy by about 20% This will allow for more light in to the gardens and minimise root expansion due to the proximity to the property

Issues

I hold no objections to the reasonable proposed pruning works.

The specification is within standard good arboricultural practice and husbandry.

The species generally responds well to such reductions and management regimes.

Recommendation

No Objection
