

PROTECTED TREE REPORT (TREE WORKS)

Haringey Council, L4,
Alexandra House, Station
Road N22 7TY

Application number	HGY/2026/2556
Application type	Conservation Area Notification
Site Address:	25 Cholmeley Park Hornsey London N6 5EL
Proposal	<i>T1 Copper Beech - Crown thin by 25% The upper canopy has become very dense, affecting light to surrounding gardens Also the tree is a 'stand alone' specimen in one of the highest parts of London and is subject to eddying winds The clients (through our services) have kept the tree sensitively managed for many years The prospect of stronger storms with the Super El Nino effect has caused concern with many tree owners</i>

RECOMMENDATION:	No Objection	
Application date		
Tree Inspector	DM	Date: rd 2026

Site

The mature Beech tree T1, as seen in the photographs is situated in the rear garden of the property. It is indiscernibly publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Highgate Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

T1 Copper Beech - Crown thin by 25%

The upper canopy has become very dense, affecting light to surrounding gardens

Also the tree is a 'stand alone' specimen in one of the highest parts of London and is subject to eddying winds

The clients (through our services) have kept the tree sensitively managed for many years

The prospect of stronger storms with the Super El Nino effect has caused concern with many tree owners

Issues

I hold no objections to the reasonable sensitive pruning.

The specification is within standard good arboricultural practice and husbandry.

Recommendation

No Objection
