Site

The various trees, as listed above marked on the plan, and seen in the photographs, are situated in the rear garden of the property. They are not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Highgate Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

1 x Sycamore to reduce upper section of canopy improving symmetry, reduce overhanging branches over garden of No.1 by 2.5m

2 x Hazels to remove in sections to ground level

Issues

I hold no objections to the proposed tree works.

The reduction to the peripheral parts of the Sycamore will balance the crown.

The hazel trees are not worthy of further protection.

Recommendation

No Objection
