Application number	HGY/2026/2475
Application type	Conservation Area Notification
Site Address:	11 Firs Avenue Hornsey London N10 3LY
Proposal	<i>T1 - sweet gum tree (6m) - take down to ground level.</i> <i>T2 - acer tree (4m) - reduce lowest limb overhanging patio by approximately 2m to suitable pruning points close to edge of patio.</i> <i>T3 - thorny olive tree (4m) - take down to ground level.</i> <i>T4 - laurel tree (3m) - reduce height to approximately fence height (1.8m) and reduce branches back from bed by approximately 1m.</i> <i>T5 - climbing hydrangea (3m) - reduce height to approximately fence height (1.8m).</i> <i>T6 - ivy on right fence (3m) - remove as much as possible around hydrangea.</i> <i>T7 - ivy on rear fence (3m) - remove as much as possible from top of fence to allow plants beneath space.</i> <i>T8 - winter jasmine & euonymus bushes (2m) - cut back from path.</i> <i>Front garden-</i> <i>T9 - variegated laurel tree (3m) - reduce height to approximately 2.2m and reduce back from driveway.</i> <i>T10 - variegated euonymus hedge (1m) - cut back to wall from pavement and remove branch from rear plant growing wall, leaving acer above</i>

RECOMMENDATION:	No Objection	
Application date	04/09/2026	
Tree Inspector	DM	Date: 14 th October 2026

Site

The various trees, as listed above, marked on the sketch plan and seen in the photographs, are situated in the rear and front garden of the property. They are not publicly visible to the rear.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Muswell Hill Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

T1 - sweet gum tree (6m) - take down to ground level.

T2 - acer tree (4m) - reduce lowest limb overhanging patio by approximately 2m to suitable pruning points close to edge of patio.

T3 - thorny olive tree (4m) - take down to ground level.

T4 - laurel tree (3m) - reduce height to approximately fence height (1.8m) and reduce branches back from bed by approximately 1m.

T5 - climbing hydrangea (3m) - reduce height to approximately fence height (1.8m).

T6 - ivy on right fence (3m) - remove as much as possible around hydrangea.

T7 - ivy on rear fence (3m) - remove as much as possible from top of fence to allow plants beneath space.

T8 - winter jasmine & euonymus bushes (2m) - cut back from path.

Front garden-

T9 - variegated laurel tree (3m) - reduce height to approximately 2.2m and reduce back from driveway.

T10 - variegated euonymus hedge (1m) - cut back to wall from pavement and remove branch from rear plant growing wall, leaving acer above

Issues

I hold no objections to the reasonable proposed pruning works.

The young Liquidamber has no wider public amenity visibility, is too close to the structure, unsuitable for the location, and is not worthy of further protection.

Recommendation

No Objection
