Site

The Horse Chestnut T1 as seen in the photograph, and marked on the sketch plan, tree is situated in the rear garden of the property. It is not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Fortis Green Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

T1- Horse Chestnut tree- pollard back to previous pruning points (approximately 3m reduction)

Issues

I hold no objections to the reasonable repeat proposed pruning works.

The specification is within standard good arboricultural practice and husbandry.

The species generally responds well to such reduction works and management regimes.

Recommendation

No Objection
