Site

The various trees as listed above, and marked on the plan, are situated in the front and rear garden of the property. The Holly T2 is not publicly visible to the rear.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Highgate Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

Front Garden:

G1: Row of Mature Cypress: Approximately 5.00m: Trim live growth over the neighbouring drive by up to 10-15cm. Trim back dead branches which overhang the car where possible. General maintenance.

T2: Holly: Approximately 4.00m: Trim to reduce by 0.50m. General maintenance

Issues

I hold no objections to the proposed tree works and for the reasons given.

The specification is within standard good arboricultural practice and husbandry.

There is a duty to replace dead, dying and dangerous trees in a Conservation Area.
