Site

The various trees, as listed above, seen in the photographs, and marked on the plan, are situated in the rear garden of the property. They are not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Crouch End Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

Issues

I hold no objections to the reasonable proposed pruning works.

The specification is within standard good arboricultural practice and husbandry.

Recommendation

No Objection
