Dear Eunice

Re: 4 The Chine London N10 3QA

Further to your email of 27.11.23.

Charles has asked me to respond on his behalf to provide you with an updated letter and the latest photographs of the garage. The below were taken today.

Should the office/gym ever be built (unlikely at the moment) the submission dated 19.04.2021 states under the materials section that the intention was to match the existing garage. This remains to be the case, feather edge board cladding would be utilised of the same size, finish and installation as the garage.

Should you have any queries, please do not hesitate to contact me.

Yours sincerely

Simon Hollingworth
