Application type	Conservation Area Notification
Site Address:	33 Haringey Park Hornsey London N8 9JD
Proposal	Rear Garden: T1: Mature Apple: Approximately 5.00m. Fell to ground level and treat with systemic herbicide. Reason: The tree is growing very close to the boundary wall of the property and overhangs the conservatory.

RECOMMENDATION:	No Objection	
Application date	15/10/2023	
Tree Inspector	DM	Date: 5 th November 2023

Site

The Apple tree T1, as marked on the plan and as seen in the photographs, is situated in the rear garden of the property. It is not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Crouch End Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

Rear Garden:

T1: Mature Apple: Approximately 5.00m. Fell to ground level and treat with systemic herbicide.

Reason: The tree is growing very close to the boundary wall of the property and overhangs the conservatory.

Issues

I hold no objections to the proposed removal of the Apple tree.

The tree is low grade and would score low using a methodology to rate its worthiness for a Tree Preservation Order.

Recommendation

No Objection

Informative: There is a duty under Section 213 of the Town and Country Planning Act 1990 (as amended) to plant replacement trees for the removal of trees, and also dead, dying or dangerous.
