© JCLA  
Do not scale from this drawing. Any discrepancies or queries should be brought to the attention of the authors. Dimensions are to be verified on site prior to construction.  
To be read in conjunction with all relevant Architects', Services and Structural Engineers' drawings.  
All existing site, tree and building information has been compiled from different sources.  
Refer to current revisions of all referenced files.

- Notes:**
- For all building information refer to Karakusevic Carson Architects' information.
  - For all hard landscape information refer to Adams & Sutherland Architects' information.
  - For existing tree information also refer to The Environment Partnership's information.

- Key:**
- Site boundary of hybrid planning application
  - Site boundary of Phase 1B & 2 application
  - Tx** Existing tree to be retained, refer to Arboricultural Survey
  - Existing tree Root Protection Area (RPA), refer to Arboricultural Survey
  - Existing tree not included in Arboricultural Survey, location shown indicatively, to be retained or replanted if removal unavoidable
  - Px** Proposed tree, refer to tree schedule below
  - Proposed tree pit to provide rooting volume within hard landscape
  - Proposed tree bioretention pit to provide rooting volume within hard landscape
