Site Address:	3 Firs Avenue, Hornsey, London, N10 3LY
Proposal	T1-Sycamore tree (18m)- in 10 Birchwood Avenue- Crown reduction back to most recent pruning points. Approximately 4m reduction. The proposed work is part of ongoing tree management to maintain the tree at a sensible height for its location. This is repeat pruning.

RECOMMENDATION:	No Objection	
Application date	22/11/2023	
Tree Inspector	DM	Date: 11 th November 2023

Site

The Sycamore tree T1, as seen in the photograph and marked on the plan, is situated in the rear garden of the property 10 Birchwood Avenue. It is not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Muswell Hill Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

T1-Sycamore tree (18m)- in 10 Birchwood Avenue- Crown reduction back to most recent pruning points. Approximately 4m reduction.

The proposed work is part of ongoing tree management to maintain the tree at a sensible height for its location. This is repeat pruning.

Issues

I hold no objections to the reasonable repeat pruning back to the most recent previous points.

The specification is within good arboricultural practice and husbandry.

Sycamores generally respond well to such crown reduction pruning works.

Note whilst anyone can apply to carry out tree works where restrictions exist, as it is a charge on the land, permissions must be sort from the land owner/s.

Recommendation

No Objection
