Hello Kwaku,

LBH Transport Planning has reviewed the documents/plans for the discharge of condition for the turntable. They are found to be satisfactory therefore the condition can now be discharged.

Kind regards,

Josh

Was just using a previous example I have worked on, which needed to have the maintenance of the turntable clear before they started construction.

Hello Kwaku,

I have had a look at the condition, and everything seems ok. I do think some clarification is needed on maintenance. This is because the turntable is key for vehicle manoeuvres on-site, so they can proceed out in a forward gear.

I have only dealt with a turntable before on a much larger development, which was for HGVs.

Kind regards,

Josh

Hi All

Happy new year guys. I trust you had a wonderful xmas. The above application for the discharge of condition is due tomorrow. I have not had any comments to date . It would be appreciated if you could review the submitted details and confirm its acceptability.

Regards
