Proposal	Works to tree protected by a TPO. T1 - Approx. H18 S15 70+DBH - Oak (in garden of no. 18). Selectively reduce laterals that encroach into garden of no. 16 by approx. 1-2m.

RECOMMENDATION:	No Objection	
Application date	30/10/2023	
Tree Inspector	DM	Date: 5 th January 2024

Site

The mature Oak *Quercus* spp. tree T1, as marked on the plan, and seen in the photograph, is situated in the rear garden of the property (16). It is not publicly visible but the properties in the immediate vicinity appreciate the tree/s amenity value and benefits.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The tree is protected by a Tree Preservation Order (TPO)

Proposal

Tree works proposed.

Works to tree protected by a TPO.

T1 - Approx. H18 S15 70+DBH - Oak (in garden of no. 18). Selectively reduce laterals that encroach into garden of no. 16 by approx. 1-2m

Issues

I hold no objections to the proposed reasonable pruning works.

The Oak tree is being pulled back sensitively from the adjacent property.

The reduction is considered minor and as such the trees stability is not affected. The adjacent trees when viewed from a distance form one sheltered balance crown. The works should not affect the dynamics of this group of trees.

Recommendation

No Objection
