Site

The Sycamore tree T2, as marked on the plan and seen in the photograph, is situated in the rear garden of the property. It is not publicly visible.

A site visit was deemed necessary to determine the appropriateness of the proposed works (05/01/2024 at approximately 11am).

The location is also within the Alexandra Park Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

Works to tree in a Conservation Area:

T2 Sycamore reduce crown by 1/4 approximately 3M

(Works to the Acacia and Limes will be considered separately under application reference HGY/2023/2673, as these trees are protected by a TPO).

Issues

I hold no objections to the proposed pruning works.

The specification is within good arboricultural practice and husbandry.

Sycamores generally respond well to such reductions.

Recommendation

No Objection
