Site

The Mimosa tree, as seen in the photograph, is situated in the rear garden of the property. It is publicly visible to the surrounding properties.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The tree is protected by a Tree Preservation Order (TPO)

Proposal

Tree works proposed.

Five Day Notice: The mimosa tree in the corner of 1 Uplands Road is (was) covered by a TPO. It was blown over from ground level in yesterday's high winds (2nd Jan). The tree has fallen across neighbouring properties and will be removed . Photo attached.

Issues

I hold no retrospective removal to the removal of the above Mimosa tree that has come down in storm Henk.

It is clear from the photograph below that there is creamatic white rot at the base of the trunk and an unidentified fruiting body present.

The failed Mimosa tree is (was) a large specimen.

There is a condition to re plant the loss of the TPO tree.

Recommendation

No Objection

Conditions: re plant 10-12cm girth *Acacia dealbata* or *Robinia pseudoacacia* Frissia
