

Please see below and attached details for a 5-day notice application.

The tree is an Ash, approximately 12m high and 50cm in diameter.

Tree with apparent decay. Crown reduction done in the past. There is a cavity in the base, see photos.

The location is: <https://w3w.co/pipes.neck.claim>

We have special safety concerns about this tree as it is right at the entrance of Muswell Hill Primary School.

I spoke to our consultant on a video call and shared images; It was advised to monolith, cutting the crown for safety and keeping the trunk for ecological reasons.

Thank you for your time, please let us know if you need more information.

Kind regards,

Leonardo Faria

Assistant Park Manager
