

Planning Application at 74 Palace Gates Road N22 (HGY/2023/3342)

This objection is made on behalf of the ‘Crossover Group’, a group of cross-Haringey residents who are concerned about the proliferation of crossovers, the loss of front gardens and front walls with associated damage to the environment and street-scene – all to the disadvantage of residents generally. In addition, the process whereby a resident applicant can appropriate a section of the public road space for their exclusive use, to the detriment of other residents and is objectionable.

This submission is made with contact details supplied, but because of previous instances of intimidation they are withheld from this consultation comment.

The reasons for objection include:

1. The Crossover Group endorses and reiterates all the detailed objections relating to DM 33 and DM 34 already submitted by the Muswell Hill and Fortis Green Association.
2. In addition, we note there are numerous examples of dropped kerbs, crossovers and front garden parking near to 74 Palace Gates Road. All these examples will have been either unlawful DIY constructions or will have pre-dated the council’s policies. It is regrettable that there seems to have been no evidence of enforcement of remedial action against this proliferation. These examples do not form valid precedents and should not weigh in favour of the application.

The comments above should be sufficient to refuse this application.
