Hello Windsor and Alison
[redacted]
Your extension plans sound exciting, we have no objections at all and thank you for letting us know. If you wouldn't mind just informing us of your start date when you get it and how long it may take we can let Marco and the guys know at the house. We hope it goes well and weather stays dry for you !!
Send us some pics of the completed work I am sure it will look amazing.
All the best - karen and robert
