

PROTECTED TREE REPORT (TREE WORKS)

Haringey Council, L4,
Alexandra House, Station
Road N22 7TY

Application number	HGY/2023/3368
Application type	Conservation Area Notification
Site Address:	Park Services Canteen, Tottenham Cemetery, Church Lane, Tottenham, London, N17 8AU
Proposal	T2 Flowering Cherry, mature tree, in poor condition, decay in main stem, old veteran. Reduce lateral growth by 2-3 M to lessen weight bearing load on crown. Thin by 10% and remove deadwood.

RECOMMENDATION:	No Objection	
Application date	20/12/2023	
Tree Inspector	DM	Date: 30 th January 2024

Site

The Cherry *Prunus* spp. tree T2, as marked on the plan and seen in the photographs, is situated in the grounds of the cemetery. It is publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Bruce Castle Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

T2 Flowering Cherry, mature tree, in poor condition, decay in main stem, old veteran. Reduce lateral growth by 2-3 M to lessen weight bearing load on crown. Thin by 10% and remove deadwood.

Issues

The Cherry has reached magnificent form, morphology, and veteran status.

However, there is die back within the crown tips, a target canker on the main trunk, and a *Ganoderma* spp. fruiting body that causes decay.

The reduction to the laterals will reduce weight and sail area within the crown and reduce the likelihood of failure.

There is a Friend's Group for Tottenham Cemetery tottenhamcemeteryfriends@gmail.com it is strongly advised that they are contacted prior to commencement to any works and informed.

Recommendation

No Objection
