Site

The Lime tree T1, as marked on the plan and seen in the photograph is situated in the rear garden of the property. It is not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Highgate Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

T1 is a Lime

Proposed works: re-pollard. The tree is just being pruned back to the original knuckles.

Issues

I hold no objections to the repeat, reasonable, proposed pruning works.

The specification is standard, with good arboricultural practice, and husbandry.

Limes generally respond well from such reductions.

Recommendation

No Objection
