Application type	Conservation Area Notification
Site Address:	Nicholson Court, 397 High Road, Tottenham, London, N17 6QW
Proposal	T2 - 83DBH Ash There is bacterial Canker throughout the tree and lots of major deadwood - Reduce by 4m to leave a bare framework, it will need to be monitored

RECOMMENDATION:	No Objection	
Application date	09/01/2024	
Tree Inspector	DM	Date: 5 th January 2024

Site

The Ash tree T2 is situated in the rear communal grounds of the property. It is not publicly visible (fully seen).

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Tottenham Central Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

T2 - 83DBH Ash

There is bacterial Canker throughout the tree and lots of major deadwood

- Reduce by 4m to leave a bare framework, it will need to be monitored

Issues

I hold no objections to the proposed pruning works and concur with the above specification.

From the photograph the crown is sparse and in decline. By reducing back to the previous and leaving a framework this should encourage new growth and regeneration.

Ash generally respond well to reductions.

Recommendation

No Objection
