Site

The trees T1 & T2, as listed above, marked on the plan, and seen in the photograph are situated in the rear garden of the property. They are not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

T1-Oak tree- (16m)- Crown reduction of approximately 2m on all aspects of tree, lift lowest branches.

T2-Silver Birch tree- (12m)- crown reduction of approximately 1.5m, lift lowest branches by 1m.

Issues

I hold no objections to the proposed pruning works.

The reduction to the Oak will allow a framework to be kept into scale with the surrounding gardens.

The pruning to the Birch is a light reduction.

Recommendation

No Objection
