

PROTECTED TREE REPORT (TREE WORKS)

Haringey Council, L4,
Alexandra House, Station
Road N22 7TY

Application number	HGY/2024/0178
Application type	Conservation Area Notification
Site Address:	11 Birchwood Avenue, Hornsey, London, N10 3BE
Proposal	Re-pollard lime (T1) back to previous cuts to allow light into surrounding gardens. Reduce plum (T2) the end of the furthest branches by 3m to reduce end loading. Reduce magnolia (T3) crown back to previous cuts to allow light into building.

RECOMMENDATION:	No Objection	
Application date	22/01/2024	
Tree Inspector	DM	Date: 14 th February 2024

Site

The various trees, as listed above, marked on the plan, and seen in the photographs are situated in the rear and front gardens of the property. They are not publicly visible to the rear.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Muswell Hill Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

Re-pollard lime (T1) back to previous cuts to allow light into surrounding gardens. Reduce plum (T2) the end of the furthest branches by 3m to reduce end loading. Reduce magnolia (T3) crown back to previous cuts to allow light into building.

Issues

I hold no objections to the proposed reasonable pruning works.

The lime is to re pollard repeat works back to most recent previous. The Plum has a 40-degree lean and will benefit from weight being reduced within the crown. The magnolia is repeat reduction works too.

All species generally respond well from reductions.

Recommendation

No Objection
