Site

The Lime and Cypress trees T1 & T2 are situated in the rear garden of the property. They are not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Highgate Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

T1: Lime (15m): Reduce height by 4m and shape as tree is becoming misshapen and very leggy due to it being oppressed by neighbouring, more established trees.

T2: Cypress (7m): Remove as tree has limited space to grow due to neighbouring adjacent lime tree and other neighbouring trees.

Issues

I hold no objections to the reasonable proposed pruning works.

There is limited space to re plant any new trees.

Recommendation

No Objection
