

5.4 Daylight & Privacy Optimisation

Safeguarding the privacy of both existing and future residents was a major concern of the design development. The Site is very restricted in terms of outlook opportunities due to its proximity to existing buildings and approved developments. Therefore, it is not possible to provide outlook on certain parts of the facade, most notably the elevations facing the terrace houses along Hornsey Park Road. High level openings divided into two glass panels with the lower one being obscured glazing allow for sunlight/ daylight and natural ventilation whilst restricting the view from and into the scheme.

Section through Block A showing restricted views to/ from neighbouring properties through high level windows with obscure glass at the lower part

5.4 Daylight & Privacy Optimisation

Proposed South East Elevation

Proposed North West Elevation

Proposed South West Elevation

Location of windows with obscure glazing in lower panel

5.5 Material Palette

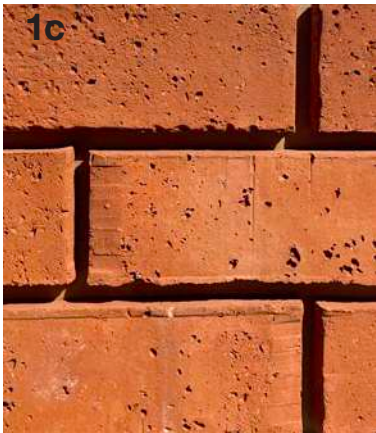

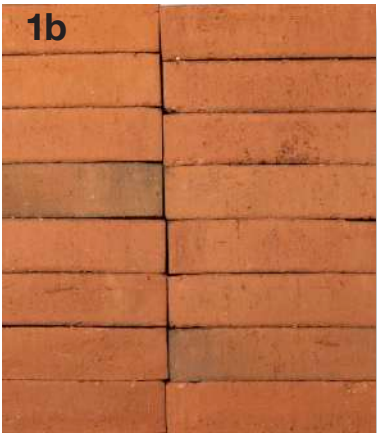

Day care centre, Nordhorn, Deppe 50

Apartment block, Harderwijk, Deppe 82

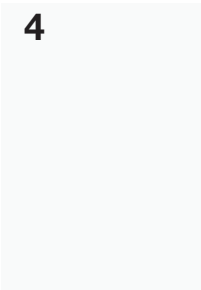

Housing, Cotswold Orange

Key

Facade Materials

- 1a. Deppe 50
- 1b. Deppe 82
- 1c. Cotswold Orange
