GENERAL NOTES:
Any dimensions shown are indicative only and are subject to verification on site. The contractor to set out, check, and co-ordinate all dimensions on site during the course of the works and prior to setting out on site. This drawing to be read in conjunction with all other Architect's and Engineer's drawings. Structural Engineer's conclusions and any specialist supplier's drawings, however, is responsible and should be followed. The contractor to ensure that all working drawings and calculations are completed, approved by Building Control or Planning Departments & that they are the current revised drawings before any works start on site.

1. Planning Departments & that they are the current revised drawings before any works start on site.
2. Inform the Building control department that the works are about to commence on site after receiving on approved decision from planning / building control in writing for your proposed works.
3. Verify boundary lines & ground conditions including checking positions and new connections of all gas, electrical, water & other services drainage etc. within the site prior to the commencement of construction. The contractor to ensure that all working drawings and calculations are completed, approved by Building Control or Planning Departments & that they are the current revised drawings before any works start on site.
4. DPL are not responsible for establishing own boundary lines as DPL are not responsible for checking land ownership even if drawings have been approved by the planning and building control departments. If uncertain a land search should be carried out by the homeowner/contractor.
5. DPL are not responsible for building changing design methods from proposed works. The client is responsible for any changes to the design.
6. DPL are not responsible for checking existing materials and components including details, costs for any additional structural design changes on site from the start to end of building works requested by building control or any other third party's instruction during building works.
7. Request a copy of the Party Wall Award where works affect party wall or involve excavations within 3 meters of adjoining buildings or building over a public sewer. (clients responsibility)
