Subject: Comment for planning application - HGY/2023/1106

Dear Daniel,

I hope you are well.

I was given your email as I was unable to comment online for application HGY/2023/1106.

Our neighbour at Ground floor flat A, 127 Harringay Road, N15 3HP has applied for planning to replace their existing shed with a larger storage shed. We have no issues with the replacement shed, but we are concerned with the position and where the new shed will be located. We understand that Haringey council do not take into account land/boundary issues but we thought it best to comment about it's location so it's on record.

We believe that the current shed is over the boundary line and are currently in a dispute with the owners of Ground floor flat A, 127 Harringay Road, N15 3HP. At present their shed is butted up against our garage wall and there is no fence between the two structures. We would like to install a fence on the legal boundary and only ask that the new shed is placed wholly on their property so it doesn't overhang/overshadow our property.

Thanks,
Mona & James
