

PROTECTED TREE REPORT (TREE WORKS)

Haringey Council, L4,
Alexandra House, Station
Road N22 7TY

Application number	HGY/2024/0198
Application type	Conservation Area Notification
Site Address:	Townsend Yard Nurseries Townsend Yard Hornsey London N6 5JF
Proposal	Growing within the naturalised woodland outside the curtilage of Omved Gardens but overhanging the Service Road to the Glass House: T1: Mature Willow: Approximately 18.00m: Reduce crown back to previous and most recent reduction points up to approximately 3.50m. Raise crown by up to 3.00m. Remove major dead wood throughout crown. Thin crown density by approximately 20%. Control encroachment from building, reduce weight burden /general maintenance.

RECOMMENDATION:	No Objection	
Application date	05/01/2024	
Tree Inspector	DM	Date: 7 th March 2024

Site

The *Salix* spp. Willow tree T1, as marked on the sketch plan and seen in the photograph below, is situated in the rear garden grounds of the location. It is not fully publicly visible.

A site visit was deemed necessary to determine the appropriateness of the proposed works (06/03/2024).

The location is also within the Highgate Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

Growing within the naturalised woodland outside the curtilage of Omved Gardens but overhanging the Service Road to the Glass House:

T1: Mature Willow: Approximately 18.00m: Reduce crown back to previous and most recent reduction points up to approximately 3.50m. Raise crown by up to 3.00m. Remove major dead wood throughout crown. Thin crown density by approximately 20%. Control encroachment from building, reduce weight burden /general maintenance.

Issues

I hold no objections to the reasonable repeat pruning works to prune back the most recent previous pruning points.

The specification is within good arboricultural practice and husbandry.

Willows generally respond well from such management regimes.

Recommendation

No Objection
