Site

The Sycamore trees G1, as marked on the sketch plan and seen in the photograph below are situated in the adjacent land and copse to the location. They are publicly visible from Townsend Yard.

A site visit was deemed necessary to determine the appropriateness of the proposed works (06/03/2024 at approximately 2pm).

The trees are protected by a Tree Preservation Order (TPO)

Proposal

Tree works proposed.

Works to trees protected by a Group TPO.

Wooded Area: Adjacent Omved Gardens:

G1: Group of Mature Sycamore: Approximately 15.00m: Overhanging development area: Remove 1 x secondary stem approximately 2.00m from ground level from the tree, closest to the north west boundary (nearest access road). Reduce remaining lateral and sub lateral tertiary and secondary branches of the group back to as near to the boundary as is practicable or to main stems, reducing overhang by up 0.50m. The main scaffold stems are to be reserved. Control encroachment. General maintenance.

Issues

I hold no objections to the reasonable pruning works that amounts to practicing ones Common Law Right.

Note the trees are private trees from the adjacent land (copse). Permission to enter the land and carry out any works will be required. If a MEWP is used as a courtesy still, the adjacent landowner should still be notified.

Recommendation

No Objection
