Site

The Sycamore and Lime trees, as listed above and marked on the plan, are situated in the garden of the property. They are publicly visible from Stanhope Road N6.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The trees are protected by a Tree Preservation Order (TPO)

Proposal

Tree works proposed.

Works to trees protected by TPOs.

1.Sycamore - remove epicormic growth to previous points

1 Lime Tree - remove epicormic growth to previous points

Reason: Routine pruning and maintenance to maintain the tree's health and keep them at suitable dimensions for their location and to allow light into the garden. Both trees currently hang over onto the pavement on Stanhope Road. Lime can pose to be an obstruction to pedestrians if left overgrown.

Issues

I hold no objections to the repeat reasonable proposed pruning works.

The specification is within good arboricultural practice and husbandry.

Sycamores and Limes generally respond well to such pruning regimes.

Recommendation

No Objection
