Site

The Willow tree T1, as marked on the plan and seen in the photograph, is situated in the rear garden of the property. It is not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The tree is protected by a Tree Preservation Order (TPO)

Proposal

Tree works proposed.

Works to tree protected by a TPO.

T1 Rear Garden (Willow)

Previously pollarded tree/under-managed.

Prune back to most recent reduction points to contain crown and root-activity due to the close proximity to the building and neighbours garden room, leave some furnishing growth on branch ends.

Issues

I hold no objection to the repeat, reasonable, proposed pruning works.

The specification is within good arboricultural practice and husbandry.

Willows generally respond well to such management regimes.

Recommendation

No Objection
