The tree is protected by a Tree Preservation Order (TPO)

Proposal

Tree works proposed.

Works to tree protected by a TPO.

T2: Holm oak (12m): Reduce on building side by 2m to give clearance on building side for erection of scaffolding

(Works to T1: Red Oak and T3: Cherry will be considered separately under application ref. HGY/2024/0085, as the trees are within a Conservation Area but not protected by a TPO).

Issues

I hold no objections to the reasonable facilitating proposed pruning works prior to the scaffolding being erected.

The Holm Oak has been overall crown reduced in the past.

Holm Oaks generally respond well to such works and restore their crowns.

The overall morphology and balance will not be affected.

Recommendation

No Objection
