Site

The Cherry tree T1, as marked on the plan and seen in the photograph, are situated in the rear garden of the property. It is not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Alexandra Park Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

T1- Prunus species- (6m) cut to ground level.

Issues

I hold no objections to the removal of the Cherry tree. The tree is low grade and scores low when using a methodology to rate its worthiness for a tree preservation order.

Recommendation

No Objection

Informative: There is a duty under Section 213 of the Town and Country Planning Act 1990 (as amended) to plant replacement trees for the removal of trees, and also dead, dying or dangerous.
