

PROTECTED TREE REPORT (TREE WORKS)

Haringey Council, L4,
Alexandra House, Station
Road, N22 7TY

Application number	HGY/2024/0047
Application type	Tree Preservation Order application
Site Address:	19C Woodland Rise, Hornsey, London, N10 3UP
Proposal	Works to trees protected by a TPO. T1: Lime (6m): Re-pollard to previous points removing 1.5m of growth as part of regular maintenance and to keep trees at a size suitable for their location T2: Lime (5.5m): Re-pollard to previous points removing 1m of growth as part of regular maintenance and to keep trees at a size suitable for their location T3: Lime (5.5m): Re-pollard to previous points removing 1m of growth as part of regular maintenance and to keep trees at a size suitable for their location T4: Lime (5m): Re-pollard to previous points removing 1m of growth as part of regular maintenance and to keep trees at a size suitable for their location.

RECOMMENDATION:	No Objection	
Application date	08/01/2024	
Tree Inspector	DM	Date: 11 th March 2024

Site

The Lime trees T1- T4, as marked on the plan and seen in the photograph, are situated in the front communal grounds of the property. They are publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The trees are protected by a Tree Preservation Order (TPO)

Proposal

Tree works proposed.

Works to trees protected by a TPO.

T1: Lime (6m): Re-pollard to previous points removing 1.5m of growth as part of regular maintenance and to keep trees at a size suitable for their location

T2: Lime (5.5m): Re-pollard to previous points removing 1m of growth as part of regular maintenance and to keep trees at a size suitable for their location

T3: Lime (5.5m): Re-pollard to previous points removing 1m of growth as part of regular maintenance and to keep trees at a size suitable for their location

T4: Lime (5m): Re-pollard to previous points removing 1m of growth as part of regular maintenance and to keep trees at a size suitable for their location

Issues

I hold no objections to the repeat reasonable proposed pruning works.

The specification is within good arboricultural practice and husbandry.

Lime trees generally respond well to such pruning regimes.

Recommendation

No Objection
