Site

The Horse Chestnut (HC) tree T1, as marked on the plan and seen in the photograph is situated in the rear garden of the property. It is not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The tree is protected by a Tree Preservation Order (TPO)

Proposal

Tree works proposed.

T1) Horse Chestnut on rear garden boundary: overall crown reduction by up to 2 5 metre branch lengths (tree has been reduced to this specification previously, all cuts within most recent reduction framework) crown tidy by removing crossing branches and any dead or defective branchwood; reduce disproportionately tall stem over 30 Cecil road by up to 4 metres.

Issues

I hold no objections and concur to the repeat reasonable proposed pruning works.

The specification is within good arboricultural practice, husbandry and will bring the tree back under good management.

HC trees generally respond well to such pruning regimes.

Recommendation

No Objection
