Conditions: (6)

- 1** The development to which this permission relates must be begun no later than three years from the date of this decision notice, failing which the permission shall be of no effect.

Reason: This condition is imposed by virtue of Section 91 of the Town and Country Planning Act 1990 and to prevent the accumulation of unimplemented planning permissions.

- 2** The development hereby permitted shall be carried out in complete accordance with the approved plans and drawings listed in this decision notice, other than where those details are altered pursuant to the conditions of this planning permission.

Reason: For the avoidance of doubt and in the interests of proper planning.

- 3** The external materials to be used for the proposed development shall match in colour, size, shape and texture those of the existing building.

Reason: In order to ensure a satisfactory appearance for the proposed development, to safeguard the visual amenity of neighbouring properties and the appearance of the locality consistent with Policy D3 of the London Plan 2021, Policy SP11 of the Haringey Local Plan 2017 and Policy DM1 of The Development Management DPD 2017.

- 4** No development shall commence until a revised Basement Impact Assessment by a Chartered Civil Engineer (MICE) or Chartered Structural Engineer (MI Struct.E) has been prepared and approved in writing by the local planning authority, providing:

- a) Soil investigations from the subject site to confirm the soil conditions of the site align with those outlined in the Basement Impact Assessment by JMS Consulting Engineer.
- b) Full details of construction and methods of construction to be confirmed prior to works commencing.
- c) Full monitoring details to be provided of how movement to adjoining properties is to be monitored and controlled.

The development shall then proceed in accordance with the revised Basement Impact Assessment unless otherwise agreed in writing by the local planning authority.

- 5** No development shall commence until a Chartered Civil Engineer (MICE) or

Chartered Structural Engineer (MI Struct.E) has been appointed, and such appointment confirmed in writing to the local planning authority, to supervise the construction works throughout their duration. In the event that the appointed engineer ceases to perform that role for whatever reason before the construction works are completed, those works will cease until a replacement chartered engineer of the afore-described qualification has been appointed, and such appointment confirmed in writing to the local planning authority, to supervise their completion. At no time shall any construction work take place unless an engineer is at that time currently appointed and their appointment has been notified to the local planning authority in accordance with this condition.

Reason: To ensure that the proposed development would have no undue impact on the structural integrity of adjoining and neighbouring buildings, in accordance with Policy DM18 of the Haringey Development Management DPD 2017.

- 6 No development shall take place, including any works of demolition, until a Method of Construction Statement, to include details of:
- a) parking and management of vehicles of site personnel, operatives and visitors
 - b) loading and unloading of plant and materials
 - c) storage of plant and materials
 - d) programme of works (including measures for traffic management)
 - e) provision of boundary hoarding behind any visibility zones

have been submitted to and approved in writing by the Local Planning Authority. Only the approved details shall be implemented and retained during the demolition and construction period.

Reasons: To ensure there are no adverse impacts on the free flow of traffic on local roads and to safeguard the amenities of the area consistent with Policies T4, T7 and D14 of the London Plan 2021, Policies SP0 of the Haringey Local Plan 2017 and with Policy DM1 of The Development Management DPD 2017.

Informatives:

INFORMATIVE: Hours of Construction Work

The applicant is advised that under the Control of Pollution Act 1974, construction work which will be audible at the site boundary will be restricted to the following hours:-

8.00am - 6.00pm Monday to Friday

8.00am - 1.00pm Saturday

and not at all on Sundays and Bank Holidays.

INFORMATIVE: Party Wall Act

The applicant's attention is drawn to the Party Wall Act 1996 which sets out requirements for notice to be given to relevant adjoining owners of intended works on a shared wall, on a boundary or if excavations are to be carried out near a neighbouring building.

INFORMATIVE: Land Ownership

The applicant is advised that this planning permission does not convey the right to enter onto or build on land not within his ownership.

The works will require a formal build over agreement with Thames Water prior to works commencing.
